SKETCH NOTES

GRAMMAR SKETCH NOTES

TEACHING NOTES:

Students will write the definitions/explanations of concrete and abstract nouns. This definition can come from the PowerPoint or can be another definition that you give.

Have the students write down as many nouns as they can. This can be done with the whole group, where the class brainstorms various nouns while the teacher writes them on the board or a projected version of the doodle notes. Students can also complete the page with a partner or in a small group.

Students can also make doodles of various concrete nouns.
