SKETCH NOTES

GRAMMAR SKETCH NOTES

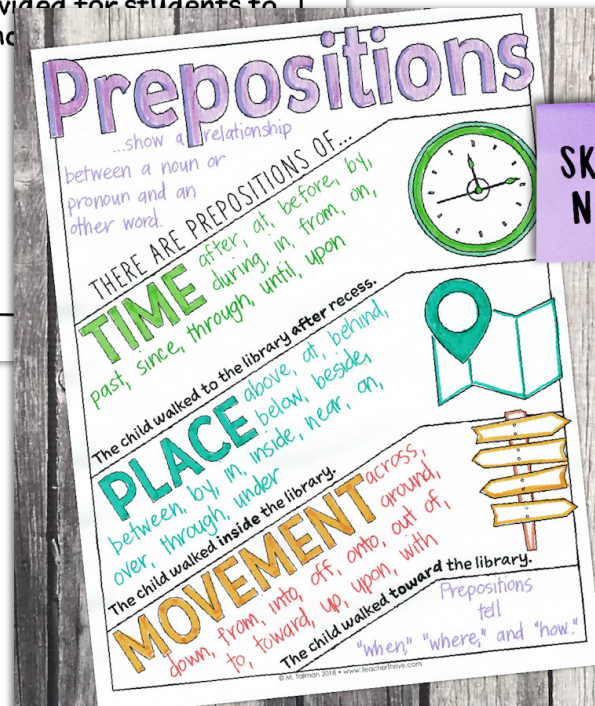

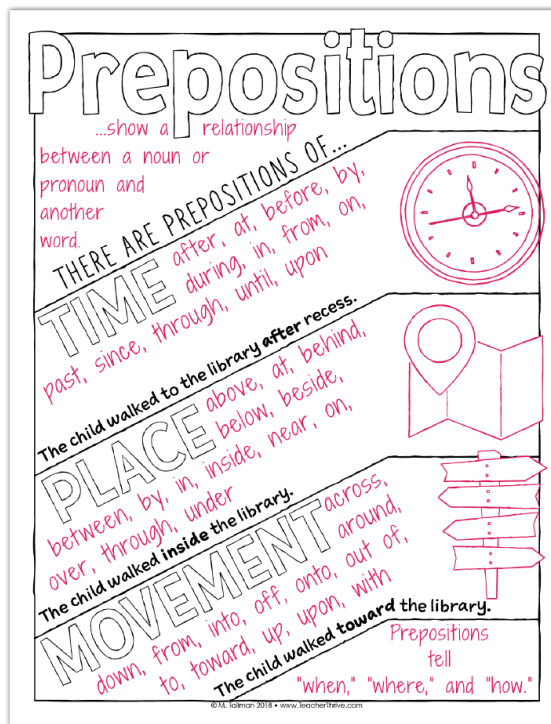

TEACHING NOTES:

Students will write the definition of prepositions under the title.

The students will then write the various prepositions of time, place, and movement. Students can record these prepositions directly from the PowerPoint.

There is space to the right of the notes for students to make a doodle to represent each type (time, place, movement) of preposition.

A small space at the bottom of the page is provided for students to write "Prepositions tell 'when,' 'where,' and 'how.'"
