

# 8.5 x 14 inch posters

# 8.5 x 11 Strategy Cards

# Strategy Cards That Work!

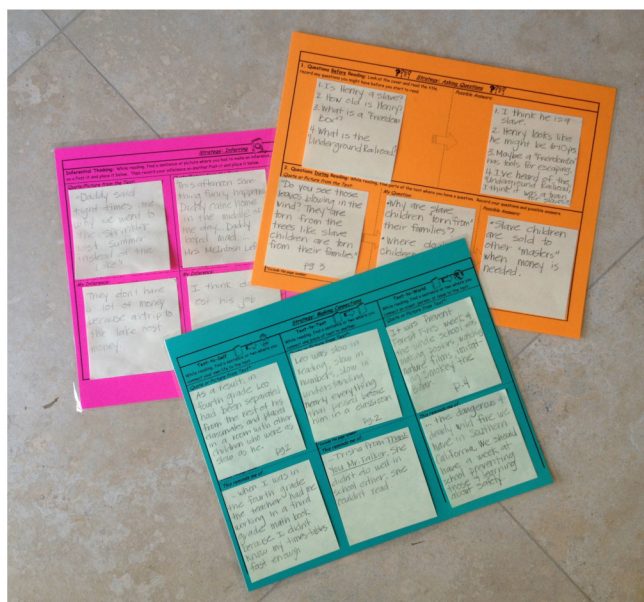

I made these strategy cards based on one of my all-time favorite professional development books, *Strategies that Work*. They are extremely versatile and can be used with almost all levels of text, for both fiction and non-fiction.

These cards have multiple applications. We begin using them in our class during Shared Reading lessons with picture books. We then use them in small Guided Reading Groups, where students can apply them to their instructional reading material. We have also had students use them for Book Clubs/Literature Circles and independent reading.

While I print these on colored cardstock and laminate for my students, you can just print them on copy paper and use as a write-on graphic organizer.

Pictured on the right are the laminated cards where students use Post-its to respond to their reading materials. I print all 6 of the laminated cards double-sided, even for Visualizing, Detering Importance, Synthesizing, and Making Connections (which fronts and backs are identical).

Thank you so much,

Melissa

P.S. PLEASE email me if you have ANY questions or comments. I would love to hear from you!
