

MATH SKETCH NOTES

LINES & ANGLES			
56 Set 3			
POINT	LINE	LINE SEGMENT	RAY
			
An exact location in space	A straight path with no end points	A part of a line that has two end points	A part of a line with one end point
PARALLEL	INTERSECTING	PERPENDICULAR	
			
Lines that never cross or grow further apart	Lines that cross each other at one point	Lines that cross or meet to form square corners	
Lines that share a point create an angle.			An angle is formed where two sides of a figure meet.
ACUTE ANGLE	RIGHT ANGLE	OBTUSE ANGLE	
			
An angle that is less than a right angle (smaller)	The corner of a piece of paper forms a right angle.		right angle (larger)

GRADE 3

LINES & ANGLES			
POINT	LINE	LINE SEGMENT	RAY
An exact location in space	A straight path with no end points	A part of a line that has two end points	A part of a line with one end point
PARALLEL	INTERSECTING	PERPENDICULAR	
Lines that never cross or grow further apart	Lines that cross each other at one point	Lines that cross each other at one point forming a square corner	

LINES & ANGLES

An angle that is less than a right angle (smaller)	The corner of a piece of paper forms a right angle.	An angle that is greater than a right angle (larger)	

DETAILED ANSWER KEY

MATH SKETCH NOTES

MATH SKETCH NOTES

These 3rd-grade math sketch notes (AKA doodle pages) are a powerful learning and teaching tool. They cover essential math concepts and procedures for students in a visually appealing way. You can use this resource to supplement any math curriculum, and they are perfect for previewing/pre-teaching or reviewing/reinforcing.

These sketch pages are like mini anchor charts that your students actively create and can be referred to in the future.

WHAT'S INCLUDED:

- Blank student note page
(two sizes: 8.5 x 11 & composition notebook size for INBs)
- Detailed answer key
- Step-by-step PowerPoint

GUIDED NOTE-TAKING

Guiding your students through the note-taking process is so easy and requires almost zero preparation!

1. PowerPoint: Each sketch note page comes with a step-by-step PowerPoint that you can use to guide your students as they complete their notes.
2. Document Camera: Use a document camera to project a blank copy of the notes. Use the answer key provided to complete the note page in front of your students.

WHY SKETCH?

Sketch notes present your students with a meaningful and engaging activity they will love. Doodle note-taking activates verbal and visual modalities to capture concepts. The whole brain is absorbed in hearing, synthesizing, and retaining ideas. This high level of engagement helps students retain the content and leaves little room for distraction.
